SUPPORTED INDEPENDENT LIVING

A PLACE TO CALL HOME

We understand that a home is so much more than just a house.

Our support solutions create places where you will be supported to achieve your goals and enjoy increased independence while accessing the support you need.

It's not just about finding a bed for someone—it's about creating opportunities for people to succeed and pursue their goals, whatever they may be.

Multicap's unique approach to Supported Independent Living helps to ensure our customers have every opportunity to live the life they choose. We take the time to understand the needs and desired outcomes for each customer so we can provide the best living environment for them.

Our dedicated Disability Support Workers regularly work at the same house, helping to provide a stable environment of familiar faces.

We can provide support in your own home*, private accommodation or at one of our accessible homes located throughout Queensland and northern New South Wales.

Separate from Supported Independent Living, we also offer Multicap Housing Services. Refer Multicap Housing brochure.

*Subject to agreed NDIS funding plan

Shared living arrangements

We know that living out of home for the first time can be daunting, and our friendly team is here to support you every step of the way.

Our in-depth conversations with you and your family help us to understand how you want to spend your weekends, who you would like to live with, your favourite pastimes and whether the location is convenient to your friends, family and social activities.

We take great care in assisting you to create a shared living environment, taking into consideration your individual circumstances and preferences, to provide a comfortable and secure environment.
